Architectural/Landscaping Standing Rules

The purpose of this document is to help Homeowners maintain this established, desirable neighborhood throughout the year. In order to clarify what is accepted by The LVII Board of Directors, the Architectural Control Committee guided by the Declaration of Covenants, Conditions, and Restrictions (2004) (Articles III-Sect 10, V & VI), a list of Architectural/Landscaping Standing Rules was generated for your reference. This list will be updated and distributed as changes are made.
