

Brookside HOA Basketball Hoop Rules

The following regulation applies to all Townhomes and Villas in the Brookside HOA.

Permanent basketball hoops either attached to homes, or erected near the driveways are not allowed.

Portable hoops will be allowed as long as they are placed on the concrete driveway but not placed on the lawn area. Before the winter months the portable hoops will be removed from the driveway so it does not impede the snow removal process and stored either in the garage or can be placed in the rear of the home.

Thank you.
